DETAILED ACTION

Allowable Subject Matter

Claims 1-12 are allowed.

The following is an examiner's statement of reasons for allowance: The closest prior art known to the Examiner is listed on the PTO 892 forms of record. With respect to claim 1, the cited prior art does not anticipate or make obvious, *inter alia*, A weight fixed on weight fixing portion in such a manner that a center of weight is aligned with a centerline passing through a center of weight fixing portion and extending in a direction orthogonal to an extending direction of diaphragm portion, support portion having an inner peripheral surface constituted by four trapezoidal inclined surface of a substantially identical shape that are annularly combined so as to define an outer peripheral surface of a frust-pyramidal internal space of support portion, wherein weight has an abutting portion including a linear portion which abuts against inclined surfaces constituting inner peripheral surface when weight makes a maximum displacement in a direction where diaphragm portion is located, wherein abutting portion has a circular outline shape as seen from a side where weight fixing portion is located, and wherein a stopper structure is constituted by inner peripheral surface of support portion and abutting portion, for restricting a displacement range of weight in a direction where diaphragm portion is located.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 2812

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
